Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Flowers et al. (US Patent Application Publication 2003/0141121).

casing, and the two front wheels (3) installed on the front wheel suspension device (21); the steering system (110) is connected to the front end of the frame (84) and interlocks with the front wheels (51, 52). A rear edge of the two front wheels (51, 52) is located at the rear of the front edge of the battery (86), as shown in Fig. 1.

Allowable Subject Matter
